YISHUN SECONDARY SCHOOL

4 Yishun Street 71, Singapore 768516 Tel: 68767129 Fax: 67557748

9 January 2026

Dear Parents/Guardian

Parental Consent for the Purchase of Personal Learning Device ("PLD")

This letter provides important information on the purchase of a PLD for your child/ward as part of the National Digital Literacy Programme ("NDLP") and the accompanying applications that the school may be rolling out.

2. The NDLP was launched at MOE's Committee of Supply Debate in March 2020 to help students strengthen their digital literacy. One of the components of the NDLP is the introduction of the Personalised Digital Learning Programme ("PDLP") for all secondary school students, whereby every secondary school student will own a school-prescribed PLD. The PLD will be used together with the national e-learning platform – the Singapore Student Learning Space ("SLS") – as well as other educational technology to personalise and enhance students' learning. This will also enable students to acquire digital skills and apply these skills as they navigate an increasingly digitalised world.

3. **Purchase of PLD bundle.** The school has arranged for you to purchase the PLD from **Acer Computer (Singapore) Pte Ltd** (Vendor) for your child's/ward's use in school. The Vendor was chosen from an MOE panel of awarded suppliers based on the choice of device determined by the school. The PLD bundle which includes warranty and insurance for purchase by your child/ward will be:

- **Model: Chromebook Spin R857TN**
- **Processor: Intel Processor N150**
- **Memory (size, type, speed): 8GB LPDDR5X 4800MT/s**
- **Storage (type and size): 64GB eMMC**
- **Screen size: 12.2" WUXGA Touch Display**
- **Enhanced Bundle Warranty: 3-Year Carry-in Warranty**
- **Enhanced Bundle Insurance: 3-Year Insurance**

Upgrade Item(s):

- **WARRANTY & INSURANCE: Add-on 4th Year Warranty & Insurance**

Add-on/Accessories Item(s):

- **OEM Branded - USB Earpiece with Mic**

The price of the device bundle (inclusive of GST) is **S\$608.20**

4. **Use of Edusave.** Students who are Singapore citizens can use their Edusave to pay fully or partly for the PLD, after setting aside provision for payment of miscellaneous fees. Parents/Guardians can also choose to pay cash for the PLD. MOE has provided Edusave top-ups from 2020 to 2023 to all eligible Singaporean students in primary and secondary schools. In 2025, MOE provided a \$500 Edusave top-up for students aged 13-16 years old. This is on top of the annual Edusave contribution of \$290 for secondary school students and \$230 for primary school students.

4 Yishun Street 71, Singapore 768516 Tel: 68767129 Fax: 67557748

5. **Financial Assistance.** Subsidies are available for students who require funding support to purchase a PLD. Please note that it is compulsory for all students on the MOE Financial Assistance Scheme (FAS) to use their Edusave to pay for any remaining sums due for the PLD, after subsidies have been granted. Please see the table below for information on the eligibility for the subsidy:

Students eligible for subsidy	Income criteria	How to Apply for Subsidy
Students under MOE FAS	Gross Household Income ("GHI") is \$4,000 or less, or Per Capita Income ("PCI")* is \$1,000 or less	No action required. Automatically subsidised for the PLD.
Students under School-based FAS	GHI is \$5,500 or less, or PCI is \$1,375 or less	Approach the school's General Office to apply for a subsidy.
Students who are currently <u>not</u> under the MOE FAS or School-based FAS	GHI is \$5,500 or less, or PCI is \$1,375 or less	Approach the school's General Office to apply for a subsidy.

* **PCI** refers to the GHI divided by the total number of family members in the household.

6. **IT Applications.** Schools will progressively roll out IT applications that will be vital for students' teaching and learning through this programme. These include:

- Student iCON (Google Workspace):** Every secondary school student will be provided with access to the Google Suite set of tools, including email address.
- Microsoft 365 Pro Plus:** Every secondary school student will be able to use Microsoft Office tools that include Word, PowerPoint, and Excel.

The school will need to use your child's/ward's full name, Student iCON ID and class to set up user accounts. The school may also install additional EdTech applications other than the two listed above and will inform your child/ward prior to the rollout.

7. **Device Management Application ("DMA").** A DMA will be pre-installed on all PLDs purchased through the school and will need to be installed on devices that parents/guardians have opted for the student to use in lieu of the PLD purchased through the school, after parents/guardians have given consent. The DMA has 3 main components which will support the effective use of the PLD in the classroom to enhance students' learning and safeguard their cyber wellness:

- Classroom Management Service. To help teachers manage students' use of the PLD during lesson time to improve classroom management and support effective teaching and learning.
- Mobile Device Management Service. To help update and manage the PLD, protect the PLD from malicious software, and protect students from objectionable internet content.
- Usage Management Service. To enable school and/or parents/guardians to better supervise and set helpful limits for students' use of PLD after school.

8. **Cyber Wellness.** Parents/Guardians may have concerns regarding students' cyber wellness with the introduction of the PLD. The DMA allows the school to manage this by:

- collecting data on usage by the student, such as the websites accessed on the PLD,
- monitoring, filtering, and limiting the type of websites accessible to the student, and
- placing restrictions on students' screen time to prevent cyber addiction.

YISHUN SECONDARY SCHOOL

4 Yishun Street 71, Singapore 768516 Tel: 68767129 Fax: 67557748

Please refer to Annexes A, B and C for more details on the functions and features of the DMA, and on the collection and protection of personal data.

9. **Devices not purchased through the school.** If parents/guardians choose not to purchase the school-prescribed PLD bundle (see para 3) and prefer that their child/ward use their own computing device ("non-prescribed device") in school, that device must have the same Operating System (OS) as the school-prescribed PLD. The school will verify that the device has the same OS as the school-prescribed PLD and is compatible with the DMA before approving it as an alternative to the school-prescribed PLD. Parents will be required to consent to the installation of the DMA, and the DMA must be installed in the non-prescribed device, before it can be used in school in lieu of the school-prescribed PLD.

10. To proceed with the purchase of the school-prescribed PLD, please consent for the purchase via the Parents Gateway (PG) notification. Parents who want to use Edusave funds for the PLD purchase (for Singapore citizens students only), please submit the online Standing Order (SO) from via this link: <https://go.gov.sg/edusaveformsgso> by **18 January 2026**. This SO is only applicable to secondary school students. If you are unable to submit the online form, please approach the school for assistance or request a hardcopy form.

11. Should there be any further queries or clarifications, please contact Mrs Jacqueline Lee at 6876 7129 or email to tan_chew_hsia_jacqueline@moe.edu.sg.

Thank you.

Yours sincerely

Mrs Regina Lee
Principal

Annex A: Functions of the DMA

Functions	Details
1. Mobile Device Management Service This facilitates the updating and management of the PLDs, protects PLDs from malicious software, and protects your child/ward from objectionable internet content, or content that may not be conducive to teaching and learning during school hours.	<ul style="list-style-type: none">• Facilitates automatic installation of applications required for teaching and learning• Filters objectionable content or content that may not be conducive to teaching and learning (e.g., pornography, gambling, or websites containing extremist content)• Enables automatic updating of PLD OS and its applications in accordance with cybersecurity best practices
2. Classroom Management Service Enables teachers to manage the student's use of the PLD during lesson time to	During lessons, teachers will be able to: <ul style="list-style-type: none">• Guide and monitor students' use of devices (e.g., lock or unlock screen to redirect students' attention or screen sharing)• Launch specific applications and/or websites for teaching and learning on your child's/ward's device• Facilitate the sharing of content
3. Usage Management Service* Enables the school and/or parents/guardians* to better supervise and set helpful limits for your child's/ward's use of PLD after school. <i>* Only available for parents/guardians on Option A (See Annex B below)</i>	<ul style="list-style-type: none">• Screen time control to allow school and/or parents/guardians to set usage limits so that your child/ward does not use the PLD excessively• School and/or parents/guardians can control installation of applications to ensure that the device is used optimally for teaching and learning• Filters objectionable content to protect your child/ward from harmful content• Parents/Guardians can manage device usage of child/ward

Annex B: MOE DMA Settings After School Hours for Chromebook PLDs¹

1. The Device Management Application (DMA) solution for Chromebook PLDs is LightSpeed Systems®.
2. During school hours, the Default Setting will apply.
3. After school hours, parents/guardians have a choice to continue with the Default or opt for an Alternative Setting. The following table outlines the different levels of restrictions, controls, and monitoring for the different DMA options after school hours.

Function	Default Setting (Note: This will apply if no Alternative Option is chosen)	Alternative Setting: Option A (DMA settings can be modified)	Alternative Setting: Option B (DMA will be inactive <u>only</u> after school hours) ²
	For parents/guardians who want their child's/ward's use of the PLD to be restricted only to teaching and learning and prefer to leave it to the school to decide on DMA settings after school hours.	For parents/guardians who prefer to take charge of the level of restrictions for their child's/ward's use of the PLD after school hours regulated by the DMA.	For parents/guardians who do not want their child's/ward's use of the PLD after school hours to be regulated by the DMA at all.
Protect students from objectionable content	Web content filtering will include, but is not limited to the following categories: <ul style="list-style-type: none"> • Violent/extremist content • Sexual/pornographic content • Suicide/self-harm content • Cyberbullying content • Content endangering public health • Gambling-related content 	Parents/Guardians will be able to include additional web content filtering by requesting school block any harmful website in addition to major social media websites (e.g., YouTube, Pinterest, X, Instagram, Facebook). However, parents/guardians cannot allow access to web content that is filtered out under the Default Setting. Parents can pause internet access after school hours.	No content filtering after school hours if a student logs in to the Chromebook via his/her personal Google Account.
Reduce distractions from learning through control of applications	Parents/Guardians and students will be unable to install additional Chrome extensions and/or applications.	Parents/Guardians will be able to install additional Chrome extensions and/or applications by submitting a request to the school. As these applications will be accessible both during and after school hours, please ensure that the requested applications support your child's/ward's learning.	Parents/Guardians and/or students will be able to install additional Chrome extensions and/or applications after school hours via the Google Play Store, using the parent's/student's personal Google account. These applications will not be accessible during school hours as students will have to log in using their student iCON account.

¹ Please note that software features are subject to change and may be improved or updated over time.

² No data will be collected after school hours when the DMA is inactive.

YISHUN SECONDARY SCHOOL

4 Yishun Street 71, Singapore 768516 Tel: 68767129 Fax: 67557748

Limit screen time	The school will define the specific hours during which the device is allowed to access the internet.	Parents/Guardians can modify the amount of screen time for their child/ward by setting the PLD sleep hours to 1 prescribed time between 4:00pm and 10:30pm or earlier . ³	No limitation on duration of screen time after school hours. Sleep hours are not enforced. ⁴
Monitor students' cyber activities	Parents/Guardians will not be able to track their child's/ward's web browser history.	Parents/Guardians can track their child's/ward's browser history via the Lightspeed parents' portal. A Filter Portal Weekly Report can also be emailed to them.	Parents/Guardians will not be able to track their child's/ward's web browser history.
Provision of Parent Account	X	√	X

4. The after-school hours are as follows:

	School hours	After-school hours
Regular school days	Default settings between 6:30 am to 4:00 pm	Parents'/Guardians' after-school option between 4:00 pm to 6:30 am
Weekends and School Holidays	Parents'/Guardians' After-School DMA Option for the whole day	

5. Parents/Guardians may wish to consider the following questions before deciding which Alternative Setting option is best for their child/ward.

a. Child's/Ward's current device usage habits

- How much time does my child/ward spend on his/her device?
- How well can my child/ward self-regulate his/her device usage?
- Does my child/ward become easily distracted during online learning?

b. Parental/Guardian involvement

- Am I familiar with the various cyber threats that my child/ward might encounter?
- Are there routines and conversations on the use of internet at home?
- How confident am I in ensuring my child's/ward's cyber wellness?

³ During school hours, the screen time limits set by the school will override parents/guardians' settings.

⁴ It is not recommended to install other parental controls (e.g. Family Link) as this could result in conflicting settings between school and parent controls. It may result in unexpected issues where some controls such as screen time restrictions may not work as intended.

Annex C: Privacy and Data Security

Part 1: Data Collected and Managed by the DMA

1. The DMA does **NOT** collect any of the following data:

- Login IDs and passwords entered into websites or into any applications
- Actions performed (e.g., posts, online comments, items added to a shopping cart, etc.) when visiting websites and using applications
- Documents and photos stored in the PLD
- PLD location
- Webcam videos and microphone recordings

2. The information collected by DMA will be accessible by the following personnel:

Data Collected by DMA	Appointed Admin from MOE HQ and school	DMA Vendors	Teacher	Parent/Guardian⁵
<u>Data for DMA administrative purposes such as:</u> <ul style="list-style-type: none"> • Students' and parents'/guardians' information (Name, school name, email addresses, and class) • Applications installed in your child's/ward's PLD • Device and hardware information (e.g., device model, storage space) 	Y	Y	Y	N
<u>Data for web content filtering such as:</u> <ul style="list-style-type: none"> • URLs accessed on the PLDs (<i>Actions performed on websites are NOT captured</i>) • Date and time that a website is accessed • Student profile (Name, School name) 	Y	Y	Y ⁶	Y
<u>Data for ensuring that installed applications are updated and functioning properly such as:</u> <ul style="list-style-type: none"> • Installed applications and programs • Date and time that the applications and programs were last updated • Application error data 	Y	Y	N	N
<u>Data for Sharing Students' Screen</u> <ul style="list-style-type: none"> • <i>The screen view will NOT be stored by the DMA</i> 	N	N	Y	N

⁵ Parents may request corrections to their personal data (e.g. email addresses, names) by contacting the school, in accordance with the PDPA.

⁶ The teacher will only be able to access the logs pertaining to the student's browser history for the class that the teacher teaches and will be able to access the logs outside of lessons. The teacher will not have access to the student's browser history outside of those specific lessons.

YISHUN SECONDARY SCHOOL

4 Yishun Street 71, Singapore 768516 Tel: 68767129 Fax: 67557748

Note: No data is collected after school hours for Alternative Setting: Option B.

3. To prevent unauthorised access, DMA Administrators and the DMA Vendor will be required to access their accounts using 2-factor authentication or the equivalent to ensure proper accountability for information access and other activities performed. There will be regular account reviews and audits for DMA Administrators' and the DMA Vendor's accounts.
4. All user data collected through the DMA (see paragraph 2 of Annex C) will be stored in secure servers managed by an appointed DMA Vendor with stringent access controls and audit trail implemented. The DMA is a trusted cloud-based Software-as-a-Service (SaaS) solution that has been operating for many years. The DMA has also been subjected to regular security review and assessment by independent reviewers. Data such as device information, email address of students and parents, device information will be deleted when the student graduates or leaves school. Website URLs accessed by students will be deleted at the end of each term.
5. MOE has assessed and concluded that the DMA solution has sufficient security robustness to ensure data collected are properly stored and protected. MOE will also subject the DMA Vendor to regular audit on the security of the system based on tender requirements.

Part 2: Data collected and managed by the IT Applications

6. **IT Applications.** For the IT Applications (Student iCON and Microsoft 365 Pro Plus), the school will use your child's/ward's personal data such as his/her full name, birth certificate number and class to set up user accounts. This data will also be used for the purposes of authenticating and verifying user identity, troubleshooting and facilitating system improvements. In addition, the commercial providers of these platforms (e.g., Google, Microsoft) will collect and manage user data generated by your child's/ward's use of these applications. The collection, use and disclosure of such data are governed by the commercial provider's terms of use, which can be found here:
 - Student iCON: https://workspace.google.com/terms/education_terms.html
 - Microsoft 365 Pro Plus: <https://portal.office.com/commerce/mosa.aspx>
7. All user data which is collected by MOE will be stored in secure servers managed by the respective vendors of our systems. The Government has put in place strong personal data protection laws and policies to safeguard sensitive data collected by public agencies such as MOE. Please refer to this website for more information on these laws and policies: <https://www.mddi.gov.sg/other-pages/personal-data-protection-laws-and-policies/>
