Dear Parents/Guardians,

SECONDARY 2 ENRICHMENT PROGRAMMES 2021

1. The school will be organising various enrichment programmes for our students, tailored to their learning needs and levels. These programmes are planned collectively by the various departments to provide a holistic development and to foster a culture of creativity and independent learning.
2. The programmes are partially subsidized by the school and you are required to make a co-payment for each of them. A description of the programmes planned and the co-payment you need to make is attached. We strongly encourage your child/ward to participate in all the programmes planned.
3. For Singaporean students, the co-payment will be deducted from your child's/ward's Edusave Account, subject to the balance available.
4. For International and Permanent Resident students, they will have to pay in CASH or cheque (made payable to "Yishun Secondary School")
5. Students under the MOE-FAS Financial Assistance Scheme will be further subsidised by the school. Students who require financial assistance may apply through their Form Teachers.
6. In addition, there will also be other enrichment programmes that might involve only your child or a smaller group of students. For these, if your child is selected for the activity, you will be informed of the cost separately by their teachers-in-charge.
7. Please note that no refund will be made if students are absent from the programme without valid reasons.
8. If you have further questions, please contact us at 6876 7129.

Thank you,

Mrs Regina Lee
Principal
